NOTICE.

Customers unacquainted with the different kinds of plants that bloom throughout the season, would be advantageously supplied, if, in giving orders, they state the object they wish to effect, also the sum they wish to expend, giving the names of what they already have, when a selection will be made suitable for the purpose; and doubtless prove more satisfactory than if made by themselves, as it is no easy matter to judge of varieties by reading a description. Where selections are left to us purchasers may depend upon receiving the best sorts and the best plants.

Orders by mail promptly attended to. We desire to be informed of any error or omission (should any occur), so that it may be corrected at once, as it is our desire to satisfy all who may favor us with their orders.

All plants sent out by this establishment will be carefully packed and delivered on board of steamboat or railroad, free of charge, after which they are at risk of purchaser.

Bouquets, Wreaths, Baskets, Crosses, and other floral decorations, arranged in the best style of art, to order. This department is made a specialty, under the direct supervision of W. C. WILSON & BROTHERS, who have made every arrangement whereby they will have a constant supply of the rarest and choicest flowers, at all times, thus enabling us to execute orders received by express or telegraph at short notice.

HYACINTHS, TULIPS, and other bulbous roots, imported fresh every year. FLOWER and VEGETABLE SEEDS of every description supplied on reasonable terms.

WILSON'S
CATALOGUE OF PLANTS.

Tricytus Grandiflora.

A very beautiful late flowering, hardy, herbaceous plant; producing flowers in spikes about six inches in length, resembling in their peculiar form and markings, some varieties of air plants, and possessing a fragrance resembling the heliotrope. Color lilac, marbled white. Price 50 cents each.

Abutilon Thompsonii.

CHINESE BELL FLOWER.

NEW.

This is a beautiful variegated foliaged variety of the above well known plant, with maple shaped leaves, uniformly mottled or marbled with yellow, very effective. Price \$1.00 each.

Alternantheras.

These are beautiful, dwarf growing, variegated foliaged plants from Brazil, and are excellently adapted for edgings for flower-beds. The foliage variously colored crimson, pink, amber, maroon, chocolate and red. Price 25 cents each.

AL. VERSICOLOR.

AL. SPATHULATA.

AL. PARONYCHOIDES.

Japan Iris.

NEW.

The Iris are a very beautiful class of plants, and are much admired for their peculiar shaped flowers and magnificent colors. Having flowered them last season, we can safely recommend them as being quite distinct from any variety before offered. Beautiful, and quite hardy. 75 cents each ; per set, \$3.00.

No. 1.—Flowers with six large equal sized petals ; color, rich violet purple, spotted with yellow at the base. Height, 4 feet.

No. 2.—Three large obicular petals ; color, white ; ground delicately streaked and veined with lilac.

No. 3.—Three moderate sized petals ; color, mauve, slightly veined at the base with white.

No. 4.—Flowers, extra large ; three large petals, mottled and veined with white, pink and purple ; with three inner petals, chocolate color.

No. 5.—Pure white, with three moderate egg-shaped petals.

No. 6.—Flowers of moderate size ; three large segments white, with three small ones mauve color, very distinct ; dwarfish growth.

Antirrhinum.

CRIMSON WONDER.

NEW.

A remarkable novelty, differing from the usual varieties in the same tribe, by producing tubular formed flowers of a bluish crimson color in the tubular part, each flower terminating in a rich violet crimson limb, nearly half an inch wide. Price 50 cents each.

Salvia Splendens.

BRILLII.

NEW.

A magnificent seedling, raised by John Brill, Esq., of Newark, N. J. Similar in habit and growth to the well known *Salvia Splendens*, but far surpassing it in gorgeous show ; producing flower spikes, twelve inches in length, in endless profusion ; color, superb dark scarlet. Price 50 cents each ; \$4.50 per doz.

Sedum Fabarium.

NEW.

This is a very pretty strong growing, free flowering variety, producing large clusters of pink flowers in the Fall. Splendid for edges of flower beds, growing about 8 inches in height. Price, 50 cents each.

**Variegated Ivy.**

With foliage like the ordinary Ivy, with bright and distinct variegation of white and yellow spots, blotches and edges. They are all very beautiful, and as hardy as the Irish Ivy, from which they originated. We have six varieties, all quite distinct. Price for the set of six, \$2.50; 50 cents each.

Dianthus Hedewigii.

A beautiful class of single and double Pinks, of extra large size; very handsome, and varied in colors; free blooming, and neat habit. Price 20 cents each; \$2.00 per doz.

Tricolored Geraniums.

This magnificent class Geraniums has created much excitement on the Continent of Europe, and are destined to take a high position in the estimation of all lovers of the beautiful in this country, presenting beauties in their transcendently beautiful foliage equal to that of the butterfly. It is impossible to convey any adequate idea of their beauty in any written description. They have only to be seen to be appreciated.

LADY CULLUM.

NEW.

This is a uniquely beautiful variety, with a remarkably broad, rich leaf zone. A rich bronze crimson ground, intensely suffused and bordered by a brilliant flame color. It is of uniform growth, and well adapted for bedding. Price, small plants, \$3.00 each.

SOPHIA DUMARESQUE.

NEW.

This is a very beautiful variety, of a vigorous habit, and freely branched. With rich golden leaf margins, effectively marked by a brilliant flame tinted scarlet zone. Price, small plants, \$1.00 each.

ITALIA UNITA.

NEW.

A remarkably beautiful variety, with a silver white leaf margin, the zone being elegantly blended with bright carmine rose; flowers scarlet, white eye. Price, small plants, \$1.00 each.

SUNSET.

NEW.

One of the most beautiful varieties of this class, with a neat, dwarf branched habit, and well expanded, even surfaced leaves, which are golden margined, and a zone of bronze, red and crimson. Price, small plants, \$1.00 each.

LUCY GRIEVE.

NEW.

One of the most beautiful tricolored leaved Geraniums, most exquisitely figured by a brilliant surface zone of lake tinted crimson upon an underground of bright bronze. Price, small plants, \$3.00 each.

DANTE.

An even and well defined edge of orange yellow, with a zone of fine shaded bronze. Price, small plants, \$1.00 each.

COUNTESS OF TYRCONNELL.

NEW.

A plant of free, vigorous habit, with light golden yellow leaf margins, with a zone of dark bronze, edged and tinted with bright carmine. Price, small plants, \$1.00 each.

TRICOLORED GERANIUMS—*Continued.*

MRS. BENYON.

NEW.

Rich golden yellow zone, shaded with red; dwarf grower, with stout, effective foliage, producing its scarlet flowers in great abundance. Price, small plants, \$1.00 each.

MRS. POLLOCK.

A splendid variety, of free, robust habit, the green leaf discs overlaid by a beautiful bronze red zone, with rays of bright crimson overlapping a rich golden yellow margin. Price 25 cents to \$2.00 each; \$3.00 per dozen.

QUADRICOLOR.

This is also a very pretty variety, with a creamy white margin, the zone flamed with red, pink and crimson; very effective. Price, small plants, 50 cents each.

COUNTESS OF WARWICK.

A very fine variety, with a broad white margin; zone, dark bronze, banded with pink. Price 50 cents each.

QUEEN MARY.

A very beautiful variety, with dark shaded zone; very effective. Price 50 cts.

MOONBEAM.

This variety is a free, vigorous grower, with creamy white leaf margins, and a carmine rose zone, producing flowers in a large truss, of a brilliant scarlet carmine color, and effective, and distinct bedding variety. Price \$1.00 each.

PICTURATA.

A distinct and beautiful variety, having a broad silver margined leaf, the zone beautifully shaded rose. Price, small plants, \$1.00 each.

VERNON.

Habit dwarf, neat and compact; leaves evenly expanded, and distinguished by a uniformly broad white border and rose colored zone, producing its flowers in large trusses of a carmine rose color. Price, small plants, \$1.00 each.

TRICOLOR NOSEGAY.

A beautiful miniature nosegay variety, forming an attractive bed by its remarkably dwarf and branched habit and well expanded leaves, showing a distinct creamy yellow border when young, and merging into silver white; flowers scarlet. Price, small plants, \$1.00 each.

RAINBOW.

A vigorous grower, with silver-white margin and red zone; flowers scarlet. Good bedder. Price, small plants, \$1.00 each.

New American Tricolor Geraniums.

DR. NEIBERT.

A charming variety, and quite distinct from any tricolor Geranium at present in cultivation. It is a seedling raised by Mr. Messeberg, Jamaica, L. I., two years ago, and has surprised all who have seen it by its novel appearance. The foliage is very large and beautiful lobed, and sometimes has a large brilliant green centre, and a magnificent vandyked zone, beautifully barred and striped with rich glowing crimson, with a deep yellow margin. At others the colors on the foliage separate in the centre, one half of the leaf having all the colors and markings of the most magnificent tricolor, the other half remaining green, with a beautiful zone, presenting a novel and remarkable appearance. It is the only tricolor Geranium having the vigorous growth of the common scarlet varieties, and retains its variegation of foliage during the hottest and driest weather. Price \$3.00 each.

MRS. SOPHIA MESSEBERG.

A remarkable vigorous grower, with large, dark green foliage, and broad, crimson maroon zone; sometimes variegated, and possessing the peculiarity of oftentimes sending out branches of tricolored foliage of the most beautiful colors, which retain their colors, never again returning to green. Price \$1.00 each.

Double Flowered Geraniums.

A new and beautiful section of this well known plant, producing double flowers, and are cultivated as easily as the single varieties. They will, no doubt, become very popular, as the blossoms do not shed their petals, hence they remain in flower a long time, and are useful in a variety of ways, when the single varieties are almost worthless.

MADAME ROSE CHARMEAUX.

NEW.

A unique and beautiful variety, and a perfect counterpart in growth, and equally prolific in blooming as the well known Tom Thumb and Crystal Palace Scarlet Geranium, &c., it is distinguished by its small plain green, round lobed leaves, and healthy, compact habit. It produces a profusion of brilliant scarlet double flowers in trusses one third larger than the single one, it is a first class bedding plant, and by the continued duration of its bloom, is admirably adapted for conservatory decoration. Price \$2.00 each.

TRIUMPH.

NEW.

This variety is of a more robust habit than the preceding, and produces immense trusses of full rosette like flowers of a brilliant scarlet. In England this variety is considered the best double scarlet introduced. Price \$2.00 each.

GLOIRE DE NANCY.

A plant of robust habit, with trusses of full, double, rosy, carmine colored flowers; a very fine variety. Price 50 cents each.

TRIOMPHE DE LORRAINE.

NEW.

Habit, dwarf and compact; large compact trusses of double flowers of a bright cherry carmine color. Price, small plants, \$1.00 each.

DOUBLE FLOWERED GERANIUMS—*Continued.***CAPTAIN LE HERMITE.**

NEW.

A plant of medium growth, and neat compact habit, and free bloomer; flowers, very double, large truss, of a rose tinted amaranth color. Price, small plants, \$1.00 each.

TRIOMPHE DE THUMESNIL.

NEW.

A free, vigorous branching habit, with remarkable large compact trusses of rosy violet carmine flowers, perfectly double. Price \$1.00 each.

RANUNCULÆFLORA.

NEW.

A vigorous grower, producing flowers like Scarlet Turban Ranunculus, the leaves measuring 4 inches across. Price 30 cents each, \$3.00 per doz.

New Coleus.

The new additions made this year to this magnificent and deservedly popular class of plants will place them without a rival among the variegated foliaged plants now in use for garden ornamentation, combining (as they do) a great variety of colors in their foliage, with a rapid growth, forming beautiful contrasts with most other plants, and is unsurpassed for massing. Price \$1.50 each.

EUROPEAN VARIETIES.

MARSHALLI. Leaves, with chocolate purple, with a maroon green margin.

ATTRACTION. Pea-green, mottled with rich chocolate colored spots.

LABUTIE. Deep green, traversed with streaks of light purple.

SURPRISE. Deep crimson, with light green margin.

GEM. Dark brown, edged and netted with green.

BEAUTY. Leaves rich chocolate, striped and shaded purple and green.

New American Coleus.

We have succeeded in raising a magnificent set of Coleus, from which we have selected twelve, which are superior in their colors and markings to the new European varieties (twelve of which were sold in London last summer for £400 sterling) and which have been the admiration of all that have seen them. They have only to be seen to be appreciated. Price for set, \$12.00; \$1.50 each.

COLEUS CISSUS DISCOLOR.

A magnificent variety, with foliage similarly marked, like the well-known beautiful foliaged running vine, from which this variety takes its name.

MARGINATIA.

Centre, rich chocolate, relieved by a beautiful yellowish green margin.

POWHATTAN.

Dark purple ground, richly mottled bright green.

BLACK DANDY.

Metallic, bronzy purple, slightly mottled green.

French Hybrid Gladiolus.

There are no plants that have been introduced for many years which have been received with more favor by lovers of flowers than the Hybrid Gladiolus, always eliciting expressions of admiration wherever seen. The great variety attained during the last six years is perhaps more surprising than that of any other plant in cultivation. To those unacquainted with this beautiful plant, we would say that it is of the easiest cultivation, never failing to bloom; The flowers, in spikes of nine to fifteen inches in length, combine the leading colors—scarlet, rose, white, orange, yellow, etc., with every conceivable shade of marking. A descriptive catalogue furnished on application. Price, from 20 cents to \$2.00 each; \$2.00 to \$20.00 per dozen; choice mixed varieties, \$1.50 per dozen.

Hardy Carnations.

This tribe of Carnations are these that flower profusely during the months of August and September. They are strongly clove-scented, and much richer in color than the monthly variety. We have obtained a superior stock from seed of our own saving, and believe that nearly all will prove double-flowered. Price \$1.50 per dozen.

PLANTS FOR GROUPS OR LAWNS.

Bocconia Japonica.

NEW.

This is a noble plant for lawn decoration, recently introduced from Japan. It is of the most luxuriant growth, forming a bush five to six feet in height and producing a profusion of beautiful pyramidal spikes of flowers, from two to three feet in length, from August until frost. The leaves are very large and serrated like the leaves of the oak, and of a sombre green color. For planting as a single specimen on the lawn or in groups, it is unsurpassed. It is perfectly hardy, requiring no protection through the winter. Price 50 cts. each.

Canna.

A stately species of plants, highly ornamental and effective, producing a rich and oriental effect by their large, broad, massive foliage, which resembles the banana, growing from three to six feet high, and producing flowers in racemes of crimson, scarlet and buff colors. It is exceedingly ornamental, and imparts a tropical appearance to any garden where it is grown, and unsurpassed for massing on lawns. Price, named varieties, 50 cents; \$4.50 per doz.; varieties, without name, large roots, \$3.00 per dozen.

Asparagus Roots.

Price \$10.00 per 1,000.

Gooseberries.

This season we have imported all the leading varieties of this favorite fruit from France and Scotland. They are in splendid condition, and with a little attention through the summer months, can be made to produce fruit equal to that grown in Europe. The Gooseberry, to succeed well in our climate, needs a close pruning and a good manuring yearly, and the ground covered with straw or litter during the hot summer months to protect the roots. By pursuing this course, the plants will never mildew, but will bear profusely. We have the red, white and yellow varieties. Price, strong plants, \$3.00 per dozen.

Pear Trees.

Of this fruit we have a very extensive collection. They have made good growth during the past season, and are in excellent condition.

We have paid particular attention of late years to the cultivation of this favorite fruit, which we cultivate extensively on both pear and quince stocks, and respectfully invite dealers and others interested in the planting of orchards to call and examine the trees at the nursery. Price, standards, \$45.00 per 100; dwarfs, \$35.00 per 100; extra size, from \$1.00 to \$5.00 each.

Peaches.

The Peach thrives best in ground of a sandy texture.

Plants of one year's growth from the bud are best suited for planting, either in gardens or orchards.

Being young and thrifty, they suffer very little by removal and are, therefore, much preferable to older trees. Price 30 to 50 cents each; \$12 00 to \$18 00 per 100.

This selection of Peaches, with a brief description of each, is recommended for general cultivation, for the benefit of those not wishing to plant many varieties.

New Seedling Potatoes.

THE KING OF THE EARLIES, OR BREEZE'S NO. 4.

We have contracted with and accepted the agency from David W. Prime, of Brandon, Vt., for the propagation and distribution of this famous potato, which has set the agricultural community in a fever of excitement. The originator (Mr. Breeze) claiming that this is the earliest potato yet grown and the most productive. The following extract from an agricultural journal will give some idea as to the value placed upon it by the leading authorities.

From the "Rural American," January 27, 1869.

We were shown a new seedling potato recently in New York that had been sold for fifty dollars. A very few have been sold at the following prices: 16 potatoes brought \$825.00; 12 brought \$615; 1 brought \$50.00. One was traded for a good cow, valued at sixty dollars. We have received our information from Mr. Bliss, the well-known seedsman of New York, and have no doubt of its being true.

From the "American Agriculturist."

THE POTATO EXCITEMENT.—When we read the accounts of the enormous prices paid for tulip bulbs in the 17th century, we think that the stories must be exaggerated, or the people of that time must have been very foolish. The present excitement in regard to new potatoes, in a measure rivals that of the tulip, at least, we thought so when we were told that \$50 each had been refused for a couple of tubers that we were inspecting. The late Mr. Goodrich began his experiment with unimproved stock from South, and the Early Rose and other new sorts are derived from Mr. Goodrich's seedlings. Whoever produces a better potato than we already have, is a public benefactor, and if he gives us one that will produce more to the acre, he adds largely to the wealth of the country. It has thus far happened, that those who have done most for the improvement of the potato, have not been pecuniarily benefited, Mr. Goodrich, it is said, made no money, and we learn that the large sums derived from the sale of the Early Rose, went to others than the originator of that variety. The success of the Early Rose has been so very general, that new seedlings will doubtless abound, and it is not unlikely that many indifferent ones will be offered at enormous prices. It will be well for those who wish to experiment with the new sorts, to purchase only of dealers of established reputation. The remarkable specimens above referred to were raised by Mr. Breeze, the originator of the Early Rose.

The facts above set forth will be sufficient to show that we have in this variety a potato, the value of which cannot well be estimated; and, judging from the experience in new varieties the past few years, we have no doubt an investment will prove satisfactory. Price, single plants, \$2.50; two plants, \$4.00; per dozen, \$18.00; per hundred, \$125.00. They will be carefully packed for shipping in such a way as to insure perfect safety. Orders received now will be placed on our books, and filled in the order of their receipt. No orders will be entered unless accompanied by the cash. Sent out on and after the 1st of May.
